Anderson, E. O.—See Morgan, M. E.
Board, L. M.—See Meyer, T. R.
Boker, L. E.—The control of mastitis ..... 152
Borman, E. K.—See Robinton, E. D.
Boynton, W. H. and Hiscock, I. V.—An inventory of some methods of milk control ..... 147
Breed, R. S.—See Sanborn, J. R.
Bryan, C. S.—See Mallmann, W. L.
Burkhardt, G. J.—See England, C. W.
Butterworth, R. H., *Chairman*—Report of Committee on applied laboratory methods ..... 44
Chadwick, E. E.—Some practical applications of milk technology..... 45
Duckworth, C. U.—What an inspector should look for in making dairy cattle physical examinations ..... 48
Dugan, Sarah Vance, *Chairman*—Report of Committee on chocolate milk ..... 72
England, C. W., Wiedemer, A. P., and Burkhardt, G. J.—A small electric holder-type pasteurizer..... 187
Fabian, F. W. and Nielsen, G. L.—A comparison of Dowicide A and chlorine (Diversol) for use in milking machines ..... 268
The need of sanitary control in the dispensing of frozen dairy products ..... 285
The need of sanitary control in the manufacture of frozen dairy products ..... 206
*Chairman*—Report of committee on sanitary control of ice cream.... 100
Fox, W. K.—See Mallmann, W. L.
Frandsen, J. H.—How can the small milk producer meet pasteurization requirements ..... 158
Fuchs, A. W.—The frozen desserts code recommended by the Public Health Service ..... 26
Fuchs, A. W.—The U. S. Public Health Service restaurant sanitation program ..... 305
Guthrie, E. S.—See Sharp, P. F.

Page

Hammer, B. W., and Olson, H. C.—Phosphatase production in dairy products by micro-organisms ..... 83
Hand, D. B.—See Sharp, P. F.
Hileman, S. L., and Leber, H.—High-temperature, short-time pasteurization and its practical application to the dairy industry..... 128
Hiscock, I. V.—See Boynton, W. H.
Holford, F. D., *Chairman*—Report of committee on dairy farms methods ..... 90
Jenkins, H.—A comparison of microscopic and 32° T-G-M-Agar plate counts on raw milk..... 314
Jensen, P. G.—See Supplee, G. C.
Knowlton, M.—Brucellosis—A disease with many names ..... 332
Lampert, L. M.—A Babcock-test reading device ..... 318
Layson, S. V.—The milk sanitarian's approach ..... 18
Leber, H.—See Hileman, J. L.
Leding, R. H.—Interstate trade barriers ..... 327
Leete, C. S.—Annual report of the Secretary of the International Association of Milk Sanitarians, 1941 304
Lind, H. E.—See Meyer, T. R.
Mallmann, W. L., Bryan, C. S., and Fox, W. K.—A new microscopic procedure for the detecting and locating of the source of thermoduric organisms in milk..... 195
Meyer, T. R., Phillips, R., Lind, H. E., and Board, L. M.—A raw milk-borne typhoid outbreak traced to dairy water supply..... 123
Mickle, F. L.—See Robinton, E. D.
Miller, H. E., *Chairman*—Report of the committee on education and training ..... 87
Morgan, M. E., Anderson, E. O., and Plastridge, W. N.—Mastitis and the plate count of milk. I. A quantitative study of the growth of *Streptococcus agalactiae* in various plating media..... 245
